

## Key Features

- 16:9 HD Resolution Panel (1366x768)
- 3D Comb Filter
- Space Saving Bottom Speaker
- Channel labels
- Favorite channels
- Clock and Sleep Timer
- Digital audio amplifier
- Fast panel response
- Wide 178° Viewing Angles
- HDMI™ (x2)
- YPbPr (x2)
- PC Input<sup>1</sup> x1
- S-video x1
- Composite x3
- Light sensor backlighting control
- HDTV with ATSC™ Digital Tuner with QAM
- Remote

## Key Technologies

**HDMI™ and PC Connectivity** Designed for maximum versatility, Sony's BRAVIA® M-Series Digital LCD TV line is equipped with a comprehensive range of input interfaces. The HDMI™ (High-Definition Multimedia Interface) is the first industry-supported, uncompressed, all-digital audio/video interface. HDMI™ technology supports enhanced or High Definition video, together with multi-channel digital audio to provide matchless image and sound reproduction. The HDMI™ and PC inputs (HD-15-pin) offer easy connection to your PC, allowing you to use your high resolution BRAVIA® M-Series Digital TV as a computer monitor.<sup>1</sup>

**Light Sensor** Intelligently adjusts the screen brightness to match the ambient light in a room, ensuring a comfortable viewing experience. In a dim room for example the screen automatically reduces brightness making it much more comfortable for viewing.

**Inputs** HDMI™ (x2), YPbPr (x2), PC Input<sup>1</sup> x1, S-video x1, Composite x3
